PROFESSIONAL SUMMARY

Compliance and Quality Assurance professional with over 5 years of BPO experience across compliance operations, customer support, data management, and quality assurance. Experienced in compliance investigations, KYC verification, documentation review, data integrity, and process improvement. Skilled in developing Google Sheets tools and dashboards, preparing operational reports, and identifying process gaps to improve accuracy and efficiency. Brings a detail-oriented, analytical, and process-driven approach to operational and compliance work.

SKILLS

Compliance: Compliance & Investigation, KYC Verification, Document Review, SOP Adherence, Risk Mitigation

Documentation: Reporting, Data Analysis, Recordkeeping, Data Integrity, Record Management

Quality Assurance: Audit Reporting, Process Improvement & Workflow Optimization, Data Integrity

EXPERIENCE

Remote Compliance Specialist | Eden Senior Care | Jul 2024 - Aug 2025

- Maintained accurate account records across a high-volume portfolio, ensuring data integrity, complete documentation, and adherence to established requirements.
- Developed a Google Sheets dashboard to track tasks, monitor workload, and improve visibility into ongoing responsibilities and priorities.
- Maintained reliable data across multiple-facility databases, supporting accurate information management and consistent operational processes.

Compliance Specialist | CommPeak | Nov 2022 - Feb 2024

- Investigated compliance-related concerns and responded to requests from vendors, regulatory bodies, government agencies, and other external stakeholders.
- Reviewed client documentation and conducted Know Your Customer (KYC) verification to validate information and ensure compliance with established requirements.
- Coordinated with internal and external stakeholders to obtain supporting documentation, communicate updates, and facilitate timely resolution of requests.

Quality Assurance Analyst | CommPeak | Aug 2021 - Oct 2022

- Conducted quality audits of customer interactions against established standards and prepared reports highlighting findings, recurring issues, and improvement opportunities.
- Created a custom QA audit form from scratch using Google Sheets to support evaluation workflows and standardize the audit process.
- Identified process gaps and recurring issues through audit findings, providing actionable insights to management.

Customer Data Specialist | CommPeak | Jul 2020 - Aug 2021

- Provided customer support through email and chat, resolving inquiries through clear communication and timely follow-up.
- Maintained knowledge base articles and team documentation to support consistent responses and standardized issue resolution.
- Documented customer concerns and actions taken while following established workflows and service quality requirements.

Customer Support Specialist | Opsify Philippines | Apr 2017 - Jan 2020

- Handled customer inquiries through email and chat regarding order status, delivery issues, cancellations, refunds, replacements, and missing or damaged orders.
- Coordinated with distribution centers, farms, and internal operations teams to investigate fulfillment issues and resolve order exceptions.
- Proactively communicated with customers about order disruptions and coordinated suitable solutions while minimizing customer inconvenience.
